SUBJECT: REQUEST TO CHANGE DAIRY RECORDS PROCESSING CENTERS

FROM: _____

TO: _____

I wish to change DRPC's for the following reason(s):

In order for a transfer of dairy records from one dairy records processing center to another to occur, a copy of this request must be sent to your local DHIA and to DHIA West. The DHIA West policy regarding transfers between DRPCs is as follows: A member may transfer such service by written notice to the Association, which transfer shall be effective upon completion by the DRPC (AgriTech Analytics, DHI-Provo, DRMS, or AgSource) in the ordinary course of business of the record processing related to the member's test data for the first test date that is 21 days or more after receipt by DRPC from the Association of a copy of such transfer notice.
